

FOR AGES  
13 - 16 YEARS

## SUMMER SCHOOL HOLIDAYS ANIMATION WORKSHOP

This two-day workshop introduces you to the fundamentals of 2D animation, with a focus on bringing hand-drawn ideas to life using industry-standard digital tools. Working with industry-standard software, you will learn how to plan, sketch and animate short sequences while developing practical skills in timing, movement and visual storytelling. Participants will use Wacom tablets to create animated works.

### COURSE HIGHLIGHTS:

- Learn the essentials of **2D animation**, from initial concepts through to simple finished sequences
- Build confidence using **Krita, Adobe After Effects, Adobe Premiere** and **Wacom Intuos** tablets
- Explore core **animation principles** and apply them through guided practical exercises
- Develop a short **hand-drawn digital animation** with trainer support
- All software, equipment and materials supplied.

### WHY JOIN US?:

Ideal for anyone keen to explore animation in a hands-on, approachable way. Whether you draw for fun or want to extend your digital art skills, you will leave with practical techniques you can build on.

**Date:** 19 & 20 January 2026

**Time:** 9.30am to 4.30pm

**Cost:** \$250

**Location:** ITeC Academy  
1- 5 Miller Street Coniston
